As ever, the endeavour of the students working in the Laboratorio editoriale Open Access, the generosity, willingness and expertise of their guide and mentor, Arianna Antonielli, have been essential to the composition and production of this issue of JEMS. Luca Baratta and Alessandro Melis have been indispensable, dependable and harmonious assistants; John Denton has created for us and for our authors scrupulous, masterly and elegant translations. To them all,

we have ...

Great cause to give great thanks. (*Coriolanus*, 5.4.60-61)
