

AESTIMUM

Author guidelines

1 - The manuscript for the publication must be sent exclusively in Microsoft Word format (e.g. .doc or .docx) or in a PDF format. The manuscript must be formatted according to the template at the bottom of these guidelines. The author can use the template by writing directly or he can copy and paste from other text files. The contributions, subdivided into paragraphs and sub-paragraphs, numbered progressively according to ordinal classification, must not normally exceed 25 folders, including abstract, references list, tables, and images.

Submissions to AESTIMUM are made using FUP website. Registration and access are available at <http://www.fupress.net/index.php/ceset/login>

Submitting an article to AESTIMUM

- Please log on to AESTIMUM at <http://www.fupress.net/index.php/ceset/login> with your username and password.
- Click on “New submission” link
- Select the appropriate section for your submission
- Complete all fields and browse to upload your article
- Submit your manuscript

The manuscript must include a title, an abstract (min 400 / max 800 characters, spaces included), the JEL codes, the main text, the references list, all images (include relevant captions), all tables (including titles, description, footnotes) and appendices. Images, tables and mathematical equations must be reported at the end of the manuscript.

The authors have to indicate the position in which images, tables and mathematical equations must be inserted, including the related captions written in the same format as the body of the text.

The tables require the Word or Excel format.

The mathematical equations have to be numbered progressively in square brackets on the right side.

Any references to authors must be deleted to ensure anonymity during the review process. AESTIMUM publishes works in Italian or English (American or British usage is accepted, but not a mixture of these).

2 - The manuscripts submitted will be sent to a minimum of two anonymous reviewers, selected by the AESTIMUM Editorial Board. The authors could insert in "Comments for the Editor" box name and email of potential reviewers who are appropriate for the paper.

3 - The footnotes in the text must contain explanations and not bibliographic references and be inserted at the bottom of the page. The numbering of the notes must be progressive.

4 - All publications cited in the text should be presented in a list of references following the text of the manuscript. In the text refer to the author's name (without initial) and year of publication with the number of pages (in the case of citations), according to the following examples:

(Serpieri, 1950, p.12)

(Marangon and Tempesta, 2001, pp. 23-24)

(Center of Studies of Estimation and Territorial Economics, 1991; Sorbi, 1986)

(Alberini et al., 2003; Romano and Luongo, 2003)

(Ministry of the Environment, 1994)

The reference list, by Author name and date of publication, must be listed according to the following examples:

5 – Images must be uploaded also as separated files in the step 4 of the submission process into “Upload supplementary file”.

Images must respect the format of the Journal page (mm 170 × 240). Images must be added in colour, but will be published in black-and-white in the print version. It is, therefore, necessary that in their transformation from colour to black-and-white the information reported in them are legible.

The images require the TIFF or EPS format (with a resolution of 300 DPI), for the EPS charts the author must add the original spreadsheet (Excel or other).

6 - When the article is written in Italian must include an abstract in English and three keywords in Italian and English.
