Call for papers Techne 8
Last date of submission July 31, 2014.
Last date of delivery of final reviewed papers September 15, 2014
Release scheduled October 31, 2014.

The volume 8 of Techne, in line with the aims of the volume 7, proposes a reflection on the contribution of architectural technology to the basic and applied research in architecture, planning, built environment and construction studies. The intent is to focus on emerging and strategic issues and compare them to European, regional and local research policies in the field.

The priority topics have been identified by the Research Clusters within the SITdA: Architectural Heritage, Environmental Accessibility, Environmental Design, Innovation in Building Products and Process, Requalification and Maintenance, Services for the Community, Social Housing.

As usual our journal publishes referred articles and papers selected by invitation, on research and applications, as well as essays, opinions, commentaries and critical review and survey, according to the policies stated on the website of the journal.

TECHNE is calling for papers for Volume 8 which is scheduled to be published on October 31, 2014.
Last date of submission July 31, 2014.

The Authors of accepted papers reviewed by the referees, will be contacted by the editorial staff and delivery of the final reviewed articles for publication must be submitted by September 15, 2014.

For more information, visit the official website of the journal [http://www.fupress.net/index.php/techne/index](http://www.fupress.net/index.php/techne/index).

Texts, references, images and notes must comply with the editorial specifications set out on the journal's website (see [http://www.fupress.net/index.php/techne/information/authors](http://www.fupress.net/index.php/techne/information/authors)).

Please send your manuscript to the editor at: redazionetechne@tecnologi.net
